

Countdown to opening -- hospital pace is hectic

Seven days to go and counting! No, it's not a satellite being launched -- but for everyone connected with the new Sturgeon General Hospital, the feeling must be much the same. The launching of a new hospital can be every bit as nerve-wracking.

A week away from the official opening date of Aug. 5 staff of the two-million-dollar hospital is working

against the clock in an all-out effort to have everything complete, every piece of equipment and furniture in place, every detail under control by the time the ribbon-cutting ceremony gets under way at 2:30 p.m. next Wednesday.

Telephones jangle incessantly in the general office. Desks are piled high with papers and supplies. Medical equipment, chairs, linen,

stationery -- they're all being moved in daily and packing boxes line the halls where painters are still busy putting on finishing touches.

Overseeing all the activity from a glass-walled office at the end of the general offices is Administrator Gordon Townsend. Not yet moved into his own private office, he's able to keep in close touch with the staff from his pre-

sented position -- and vice versa.

Barely a minute passes without an interruption for him -- "Have you seen those reports?" . . . Mr. So and So is on the phone for you. . . Have they delivered the stretchers yet? . . . What's the latest word from the supplier? . . . What shall we do with these?"

And so it goes. Like a

massive jigsaw puzzle, the pieces are gradually being fitted into place.

Staff grows daily as department heads take up their duties to ready their respective departments for Aug. 17 -- the date the hospital will begin accepting patients.

Director of Nursing, Miss Betty Drury, admits that her present staff of nine nurses feels it's a "chance of a lifetime to take part in the

opening of a brand new hospital." They've been busy on the nursing floors, working on plans and procedures -- as well as more mundane tasks such as washing down the furniture in the wards.

Everyone seems to be thriving on the hectic pace, however, and there is a definite sense of "being in on something big," amongst

IRENE AND WALLY STEPPKE EYE THE WINNING TICKET

You only need One ticket to win

"My wife bought the ticket but it was my dollar," said Wally Steppke, husband of Irene Steppke, 31 Birch Drive, winner of the 1970 Dodge Polara Custom Hardtop in the Kinsmen Club Saturday night car draw at the Edmonton Exhibition.

"We just had the oneticket," said Mrs. Steppke, "and

when they put it in that big barrel, it looks pretty sick." The Steppkes bought the ticket at 10:30 p.m. Saturday and the draw was made at 11:30. They were notified at quarter to twelve, so we got up and celebrated, they said.

Mr. and Mrs. Steppke already own a station wagon,

and with six children and two dogs, they feel it's wiser to keep the station wagon and sell the car.

"We'll sell it if we can get a decent price," said Mr. Steppke.

"To a family with lots of money it might not have made any difference, but to us, it was a real windfall."

Council shelves vote

A plebiscite on annexation which council has been considering holding at the time of the October election has been postponed.

Mayor Ray Gibbon had originally proposed that a plebiscite be held to determine whether the town wants annexation to the City of Edmonton. The motion was tabled until a decision was reached on a proposal by the firm of Woods, Gordon and Company, management consultants, who had offered to conduct a development study for the town.

Council voted at the July

13 meeting against hiring the management firm to do the study which it turned out would not have dealt directly with the advantages or disadvantages of annexation.

Following decision on the development study, the motion regarding the plebiscite was voted on and defeated 4-2.

Despite Mayor Gibbon's statement that "we have to have solid direction" from the electorate on the matter of annexation, the majority of councillors felt that a plebiscite in October would probably prove no more valid

than the one held in January, 1969, when it was felt the small turn out of voters presented a somewhat distorted view of the wishes of the majority of townpeople.

An information bulletin outlining work under way and long range plans for the town, long encouraged by Councillor J. J. Bakker, is scheduled for preparation by staff before July 1, 1971. If distributed before any annexation plebiscite is held, council is hopeful that such a bulletin would help voters make an intelligent assessment.

Developer told sidewalks standards must be met

St. Albert town council Monday rejected a request from BACM, developers of Lacombe Park subdivision in northwest St. Albert, that they be allowed to install monolithic sidewalks, curbs and gutters on all local and collector streets in the subdivision.

Separate sidewalks would be retained on boundary roads.

Monolithic sidewalks are those in which the curb,

gutter and sidewalk are all part of a single unit.

Town policy calls for developers to install separate sidewalks between the boulevard and the homeowner's main lawn area.

In a letter to council, Neville Bothwell, Alberta Manager of the land and property development division of BACM, had pointed out that the suggestion was made as a method of reducing lot prices to future home-

owners in the subdivision.

One reason development costs in Lacombe Park subdivision were high, the letter stated, was because of the large area (more than 10 per cent) occupied by school and parks, thus reducing the yield in lots over which to spread overall development costs. Another factor was the town's insistence on minimum-sized lot frontages of 58 feet rather than 55 feet which the company considered adequate. The requirement for separate sidewalks also increased costs with resulting higher costs of trenching for underground utilities.

Town to share in museum updating

The project which would be set at a maximum of \$2,000. This figure was arrived at following consultation with Ian Paterson of the Provincial Museum and Archives. The letter also stated that this figure could be enforced as voluntary helpers would be used for much of the manual work.

Council voted unanimously in favor of including and approving in the 1971 budget, a maximum amount of \$666.66 for these improvements to the museum.

St. Albert town council considered a letter Monday from Father Colin Leverage OMI, of St. Albert Roman Catholic Parish, requesting that the town share in the expense of providing new forms of display and protection for items in the Lacombe museum.

Various themes to attract the modern "visual minded" man of today are being planned, the letter stated. The town was asked to share one third of the total cost of

Mr. Bothwell was in attendance at Monday night's meeting to state his company's case and hear council's objections.

The use of monolithic sidewalks throughout the 120-acre development would result in an estimated saving of \$44,720 in development costs and reduce the cost to the homeowner of approximately \$150 per lot, Mr. Bothwell said.

Councillors voiced numerous objections to the monolithic sidewalks.

From the point of view of safety, councillors felt they constituted a safety hazard in that children would be playing right next to the street, without the boulevard between the sidewalk and the traffic.

The difficulty of maintaining trees which would be planted on boulevards inside the sidewalk and would appear to be the homeowner's property was mentioned.

Snow removal -- with no boulevard between the street and sidewalk on which to pile snow -- would also present a problem.

There was also the matter of aesthetics, Mr. Bothwell was told. Separate sidewalks with boulevards

RCMP officials meet with finance committee

Town council has voted to have finance committee meet twice a year with the staff sergeant and corporal of the local RCMP detachment. The meetings will be held annually in January and July.

Sergeant Brown and Corporal Fookes were present at a meeting of finance committee held July 20.

Committee members had an opportunity to question them regarding drug users, speeding, fatal accidents and liquor checks. The RCMP officials reported no particular problems in policing the town but agreed that there was a need for improved relations between the police and some youth of the town.

staff members.

"The something big" they're all working on will be open to public view Wednesday, when everyone from the area is invited to attend the official opening ceremonies.

Following over five years of planning and building, hospital board members feel that a large number of district citizens will want to be on hand for the opening and to take advantage of conducted tours of the hospital.

A program of band music has been arranged, commencing at 2 p.m. Refreshments will be served following the ceremony.

Hospital Board Public Affairs Chairman Dick Fowler reports that tickets are still available for the gala opening ball scheduled for the Edmonton Inn on the evening

of Aug. 5. Festivities will begin with aperitifs at 6:30, a banquet at 7:30 and dancing from 9 p.m. in the Crystal Ballroom. Tickets are \$10 per person and this includes aperitifs, dinner and dance.

Al Brault and his orchestra will be supplying the music for dancing and dress is optional.

Tickets may be purchased from board members or from Jim Byrne Men's Wear Hutchings Shoes or the Gazette office.

Maritimes

lag in

farm output

Agriculture in the Atlantic Provinces is less efficient with lower output and earnings than in the rest of Canada, says a recent study conducted by the department of regional economic expansion and the Canada department of agriculture. Exceptions are the potato industry in New Brunswick and Prince Edward Island, apple production in New Brunswick and Nova Scotia, blueberries throughout the region, and poultry and eggs in Nova Scotia.

The report envisions enlargement of farms through combination and consolidation, with additional training and education both for those adjusting out of agriculture and for those remaining in the industry.

W. E. Jamison, publisher of the St. Albert and Sturgeon Gazette announces the appointment of Mrs. Rose Martel as reporter-advertising representative for the Municipal District of Sturgeon.

Mrs. Martel will report on social and community activities as well as write feature articles of interest to residents of the area.

Organizations with their own publicity chairman, may either contact Mrs. Martel or submit news of their activities directly to the Sturgeon Gazette office in St. Albert. Mrs. Martel may be reached at 256-3025.

As advertising representative, Mrs. Martel will accept both classified and display ads from residents of the MD of Sturgeon, including the towns and villages within the MD boundaries.

ROSE MARTEL

Well known to residents of the area, she has been active in a number of community activities including the Canadian Red Cross and the Ladies Association of the Progressive-Conservative party. She is presently serving on the executive of the Sturgeon General Hospital Auxiliary and the Sturgeon Toastmasters Club.

LEE MUDRYK

Mr. Jamison has also announced the appointment of Mrs. Lee Mudryk of St. Albert as advertising sales representative for the St. Albert Gazette and the Canadian Forces Base newspaper Sealander.

Mrs. Mudryk will sell display advertising in St. Albert and Edmonton.

A resident of St. Albert for the past three years, Mrs. Mudryk was born and educated in the Edmonton area.

Council

FROM PAGE 1

containing rows of trees contributed to the attractive appearance and special character of the town.

Despite Mr. Bothwell's argument that trees placed on boulevards located inside the sidewalk and adjoining the homeowner's lawn, would be equally attractive, council stuck to its guns.

"I'm deeply opposed to this," said Councillor J. J. Bakker. "Every developer has requested this and we have refused. We should not destroy the appearance of the town for the convenience of BACM."

Councillors John de Bruijn and R. G. Wheatley felt that consideration should be given to a proposal which would save money for the prospective homeowner.

"We would never have any proof that the developer would pass on the saving," countered Councillor Bakker.

Mr. Bothwell stated that his company was quite prepared to follow development standards set out by the town but that he felt that if an opportunity for effecting economies such as this was apparent, it was the duty of the developer to discuss the matter with council.

Council voted 5-2 to deny BACM's request. Councillors Wheatley and de Bruijn were opposed.

Sturgeon Health Unit meeting

At their meeting July 24, the board of health decided "to send a further letter to the minister of health concerning the development of community psychiatric services;

"to appoint a sub-committee to investigate improved accommodation for the main office;

"to award the health education trophy for 1970 to Walter Mayer of George Vanier High School, Morinville;

"to sign a contract with the Alberta Association of Registered Nurses retroactive to April 1, 1970;

"to appoint an additional nurse;

"to appoint Dr. L. Robert as part-time dental officer.

Gazette announces staff appointments

Hutchings's Shoes and at the Gazette office.

St. Albert Development Policies

This is the second in a series of three articles prepared for the Gazette by Councillor John Bakker. In the first article Mr. Bakker presented his assessment and policy views on St. Albert's finances. Space will be made available to other town councillors should they wish to discuss any aspects of town affairs. The Gazette believes such articles will assist readers to inform themselves on town matters.

JOHN BAKKER

A number of amenities will not be possible until the town has a larger population than it has now. A major department store will not locate in St. Albert until the population of St. Albert reaches the 30,000 level. For more all-round high schools we also need a larger population. The same is true for a covered swimming pool and other facilities. The demand for facilities is there now, but we will need more families to share in the costs.

However growth can also produce costs that the municipality may not be able to handle. During the New Town era of St. Albert the growth rate was too rapid. Also during that era the municipality did all the construction work itself such as sewers, watermains, and other services. The result was too large a staff that was difficult to reduce once the growth stopped. Any development policies are therefore now geared to a few fundamental principles:

1. The developer does the construction for all services, with the town setting the standards, controlling and supervising installations.
2. The development should take place at no cost to the town. As a result the developer has to pay for additional water supply and sewage disposal facilities (at present we ask \$198 per dwelling unit for off-site costs).
3. The planning of each neighborhood is evolved between the town's planner, the developer and the public works committee.

Once houses are built, they are assessed and taxes are based on this assessment. The experience in St. Albert is that each dwelling unit has a high occupancy (average is 4.6, compared to Edmonton 3.8). The result is that the school taxes levied on new housing must at least be equal to the average on existing housing, otherwise existing residents would subsidize new development. As a result the council has instituted a rule that new single family houses must have a minimum assessment of \$5,500 and row housing of \$5,700 (more because row housing occupies less assessable land per unit).

The town also limits the amount of row housing to 17 per cent of the total land area, and there is a further restriction that the overall density should not exceed 22 persons per gross acre.

One of the consequences of the minimum assessment rule is that for a family to locate in St. Albert, the family income has to be about \$10,000 per year (based on the rule that 25 per cent of income can be spent on housing, \$10,000 will allow a monthly payment of \$210). It should be realized that there is a major problem in providing low cost housing in the Edmonton area. However it is the view of the St. Albert town council that as long as our tax rate is higher than in Edmonton, St. Albert should not try to solve Edmonton's problems.

There is some dissatisfaction in the town with condominiums or town house projects. If we did not allow any row housing, then the minimum income would have to be \$12,000 or more. It is not really desirable to create this kind of snobishness in the community, since the middle income groups have shown themselves to be the most active participants in community affairs. So while there is economic justification for the minimum assessment rule, there is a social justification for permitting some row housing (up to 17 per cent of the area).

Before a developer can proceed, there must be agreement with the school boards on the location and the price of land for schools. School buildings qualify for money from the foundation program, however school land does not. As part of the co-operation between the various levels of local governments, the town has strengthened the negotiating position of the school boards. Also it permits the developer to calculate all his costs prior to development.

More development will of course mean that we will require a larger water supply main from the City of Edmonton. We need this larger main anyway so that we do not rely on one main, but we need more people so that we can pay for this main. In this regard, we hope to work together with the Universities Commission and the new Board of Governors of the fourth university since the new university will also require water from the city.

Our present sewage lagoons can be improved by aeration to handle a population of 20,000. Aeration would eliminate the smell problem in the spring and allow a

discharge into the Sturgeon River twice a year. Lagooning is the cheapest way of treating sewage and produces an acceptable effluent. A study is now being made by the firm Stanley Associates Engineering Ltd. as to what is the best alternative beyond the 20,000 population level.

The possible alternatives are:

1. more lagoons
2. a treatment plant in St. Albert
3. a pipeline to Edmonton

The University Commission has already decided that the new university should discharge its sewage into the Edmonton system. Again there is a possibility of joint use of mains that is being investigated.

The town will also have to relocate its dump by the end of the year. The plan is to have a sanitary landfill together with the M. D. of Sturgeon.

It is worthwhile to briefly review the status of the various neighborhoods.

GRANDIN PARK

The main road pattern and the future school sites have now been finalized. As yet there is no final design or development agreement for the area that is presently zoned R3 (row housing). The town has to make sure that the boundary roads (St. Winston Churchill and Edmonton Road) will be built as part of the next development stages. It is particularly the large length of boundary road that necessitates the intensive land development.

BALL ESTATE

The Ball Estate is the area between Grandin Road and St. Albert Road. This area has multiple ownership and also requires a trunk sewer. Most of this area should become single family, except for the area near the drive-in theatre. There are no school sites planned in the Ball Estate.

STURGEON HEIGHTS

This area is the only neighborhood just about completed. Half the boundary roads have been developed. The other half will be completed when the adjacent neighborhood develops.

FOREST LAWN

This neighborhood is east of Sturgeon Heights. The Paul Kane High School will be in the Forest Lawn neighborhood. This area is being replotted from the old grid system to the more modern design of crescents and places. A 20 acre publicly owned parcel will

be created next to the Paul Kane High School for a future recreational complex. This is the area where I would have liked to have seen the arena.

The sewer for this area will have to come from the east Braeside area. A small shopping centre has been planned near the Alcan condominium on the other side of St. Winston Churchill Avenue.

BRAESIDE

The old Braeside area between Bishop Street and the highway is short of parkland. The council is investigating the possibility of a land swap to make part of the area north of Sturgeon Road public land.

The eastern part of Braeside is the Alcan development. Here the town is obtaining its first experience with condominiums. Final judgement is not possible until all of it, including the landscaping has also been completed.

MISSION PARK

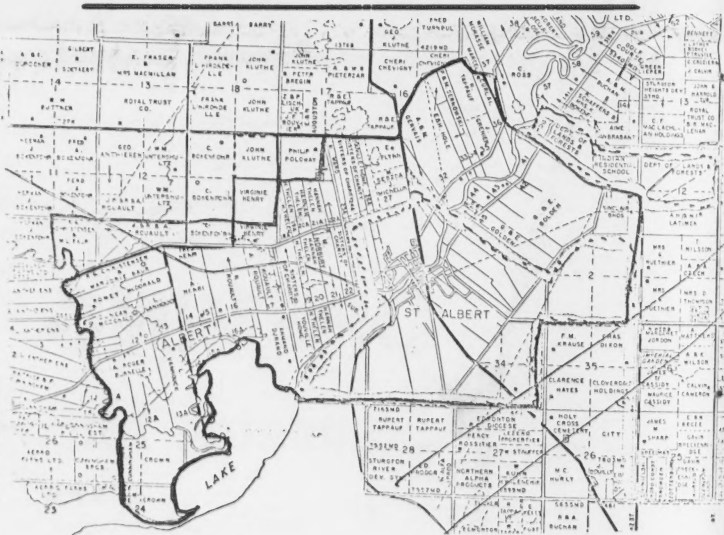

B.A.C.M. is starting this summer with its development west of the high school. A new road McKenney Avenue will eventually link St. Albert Road at St. Vital Road and the hospital which will open in August. This road extended west will form the northern boundary of the Mission Park neighborhood. North of McKenney Avenue a new neighborhood called "Lacombe Park" will be started. The council has now approved to support annexation applications on a neighborhood basis in the BACM area. The overall outline plan goes beyond the present town boundaries and has to do this because of sewer and watermain design.

The entire area requires new sewer and water mains will have to come from Lakeside Drive on the other side of the Sturgeon. The lack of this sewer prevented any further development in the Mission Park area. The developer, in this case BACM, has to make the initial investment of this trunk sewer; the town however has to give some support to make sure that the ultimate use of this sewer is under its control.

There is some preliminary work being done on the area just west of Highway 2. A co-operative housing development is being proposed for this area. The proposals for this area are however very preliminary and no approvals have been sought or given.

THE UNIVERSITY

East of St. Albert will be the new location for the fourth university in the Province of Alberta. The next article will deal with the opportunities that result from having a university located next to St. Albert.

COMMENTS ON POSSIBLE ST. ALBERT BOUNDARIES

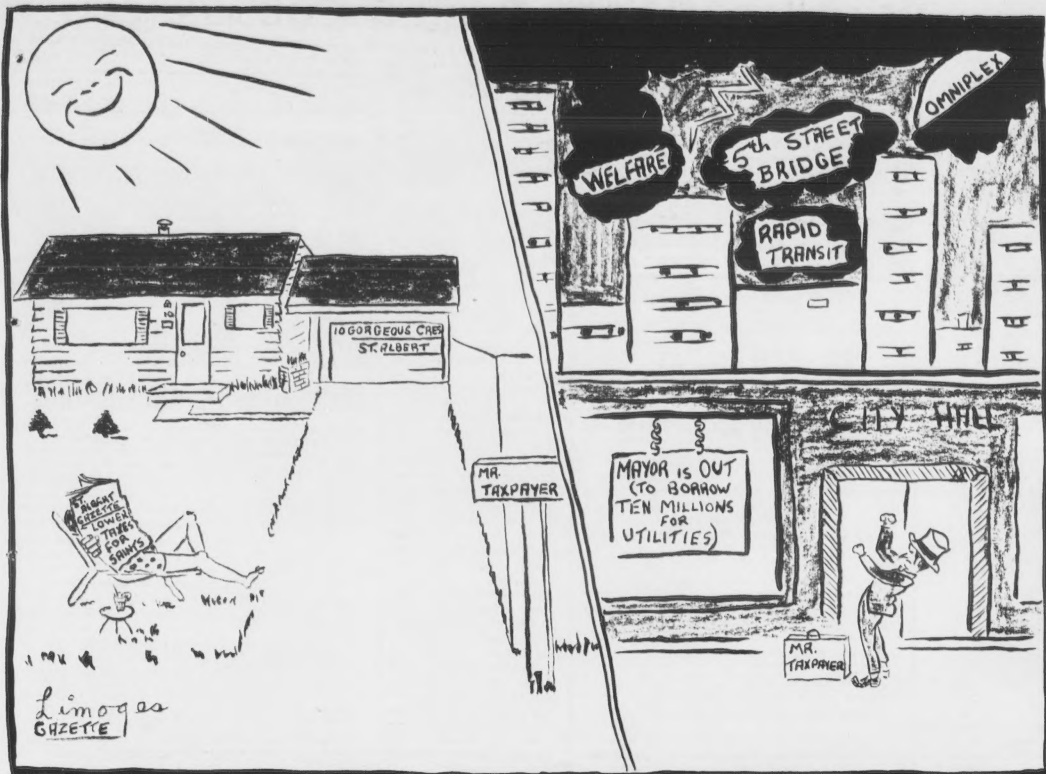

1. Considering sewer servicing-
 - (a) on east side of Highway 2, topography is such that boundary appears well chosen and only minor adjustment as shown in red is recommended,
 - (b) on west side, sewer servicing by gravity includes lands of Poloway and Henry and if considered desirable, the Klutse 1/4 section (Should be noted that County schools are proposing a school on north boundary of Klutse quarter). Area serviceable by gravity is shown shaded. Bordenfair lands slope off to the west and are not serviceable by gravity.
2. Considering ownerships and splitting of titles, would suggest that road allowance on northwest edge is a

better delineation.

3. Effective control of the shores of the east arm of Big Lake would be gained by annexation up to the west boundary of A. Henry property (R.L. 14) and agrees with sanitary sewer servicing.

The land use of lands to the west of R.L. 14 would therefore probably be largely as a measure of control and no doubt would be as small-holdings acreages. These might better be developed as part of the M.D.

4. Suggest more logical boundaries are as shown in red related to sanitary sewer servicing. I doubt the need to go beyond R.L. 14 without some specific plan or reason in mind.

the Gazette REFLECTS

What an unusual experience for St. Albert residents to open their tax bills and find a figure lower than last year with our reduced mill rate.

What was no surprise, because it's been happening for years) was to turn over the tax bill and see a P.R. spiel on everything the Provincial Government is doing to support the local municipalities.

Fair enough? Not Quite.

If the public should be properly informed on government spending, why show only two levels of government?

Shouldn't the province state how much they received in grants from the Federal government while they're on the subject of grants?

And come to think about it - where did this word "GRANT" come from? All the money comes out of the taxpayers' pockets or the people's resources.

At any rate if the Province has to get full value for their so-called grants, shouldn't they give full value to the federal government's support of the Province? Canadians have progressed passed the point of wanting to be a collection of 11 power groups. We are part of a potentially great nation.

Next year let's have three levels represented - or else let the municipalities issue their own tax notices, minus Social Credit's public relations notices on the back of them.

Legal Gymkhana

The Gymkhana events attracted and entertained hundreds of spectators. Winners of the various events were:

Men: Poles - Jules Lamoureux; Steaks - Al Bennett; Flags - Rene Shank; Barrrels - Al Bennett

Ladies: Poles - Cheryl Martineau; Steaks - Cheryl Martineau; Flags - Jeannine Bischoff; Barrrels - Christine McCallum.

rels - Ron Lystang. 11 and Under - Norman Martineau; Steaks - Norman Martineau; Keyhole - Rolly Shank; Barrrels - Crystal Harkin.

The top cowgirl of the day was Cheryl Martineau.

Farmer protests road conditions

Michael Osadchuk, a farmer who resides on Namoo Road within the corporate limits of St. Albert, attended Monday night's council meeting to protest the condition of the road.

Despite a petition signed by residents of the area, presented to council some time ago, a stretch of Namoo Road over a mile in length, remains ungravelled, Mr. Osadchuk said.

Mr. Osadchuk received the sympathy of councillors who agreed that the road was in poor condition and that he had a legitimate complaint. Their reason for not acting to improve the condition of the road, Mr. Osadchuk was told, was that until council receives definite word as to where the ring road around Edmonton will be located, it does not feel that an estimated expenditure of \$13,000 to improve the road is warranted.

The engineer had prepared estimates last year but it was decided to postpone the work for one year in light of the announcement of the new university.

Mr. Osadchuk stated that

it was necessary for farmers in the area to use the road to draw grain to St. Albert this year as there was no grain buyer on the north side of Edmonton. The road is also used by a number of residents of St. Albert who work at Namoo.

Mayor Ray Gibbon stated that the road was being bladed on a regular basis following every rainfall.

Councillor de Bruijn pointed out that Mr. Osadchuk

Facts

The principal purchasers of Canadian wheat last year were: Britain, 62 million bushels; China, 52 million; U.S.S.R., 49 million and Japan, 41 million bushels.

Amendments to the Prairie Grain Advance Payments Act will double the amount farmers may borrow and call for repayment to begin when deliveries, including unit quotas, start.

Two thousand delegates, representing about 300,000 members of some 440 consumer co-operatives, are expected to attend the annual fall district meetings of Federated Co-operatives Limited.

Alberta farmers' cash income from the sale of farm products was \$433,034,000 in the January to June period of 1968, compared to \$412,608,000 in the same period a year earlier, according to D.B.S.

had paid taxes on his property for 14 years and had probably paid for more than half the cost of gravelling the road by now.

Councillor Rene Kamboorff wished to know what would happen if a decision on the ring road had not been announced by the time next year's estimates were considered.

"Then we'll have to make some improvements in the road," replied Mayor Gibbon. Mr. Osadchuk had to be content with council's decision to include the gravelling of Namoo Road in the 1971 estimates. The vote

was 5-2 with Councillors Wheatley and Kamboorff opposed.

Before leaving the meeting, Mr. Osadchuk asked if the town would consider putting up a "Road Impassable" sign so he doesn't get dragged out of bed in the middle of the night to help out motorists who have got bogged down in the mud.

Fete au Village huge success again

With the co-operation of the weatherman the gala festivities of the year were very successful. The village is fortunate to have dedicated and able people willing to spend hours of planning and work for its annual celebration. Perhaps even more important is the community spirit and enthusiasm spreading an air of gaiety and friendliness throughout the village which is felt by the thousands of visitors.

Marcel Dube the devoted parade marshal and Fete au Village committee wish to thank all those who had entries in the parade, which made it so successful. Judging the parade were Jacques Boucher from CBXFT-channel 11, Tiger Goldstick and Al Holt from the department of youth. The winners were 1st prize of \$50 went to Morinville Frontier Daze; 2nd prize \$35 - The Village of Legal; 3rd prize \$25 -

Legal Parish; 4th prize \$15 - Legal Junior Firefighters; 5th prize \$5 - Femmes Chretiennes Legal; and runners up were:

\$5 - Femmes Chretiennes Morinville; \$5 - Legal Mitos (Baseball team); \$5 - Legal High School (Northern Alberta basketball championship); \$5 - CWL.

Following the parade a luncheon was held at the town hall for the dignitaries.

Each day thousands milled the grounds taking part in the variety of entertainment and sporting events. The baseball tournament winners were: Barrhead - first and Linaria came in second.

Special thanks are extended to Unity Construction Sand and Gravel who donated the gravel to the recreation centre. Also many thanks to those who hauled the gravel free of charge. They were: Laurent Champagne, Bruno Chamberland, A. Jones trucking and Dave Taylor from Edmonton and Unity Construction Sand and Gravel. These devoted persons made it possible to hold the baseball tournament by spreading gravel on the ball diamond and many other wet spots on the grounds.

Michelle Kremer, Craig Ozipko and Marie Letourneau were the three winners from the 15 decorated bicycle entries in the parade.

As people toured the midway many visitors and local people stopped to buy souvenirs at the souvenir booth. Mrs. Robert Mercier

had donated a beautiful plush tickets. The lucky winner elephant on which they sold Cont'd on Page 6

Karen Hood and Greg Malowney are studying agri-business.

Now, that's good thinking!

Karen and Greg are preparing for careers in two of the many new aspects of agri-business and agri-technology. There are excellent job opportunities awaiting graduates in such fields as agri-chemistry, land resources technology, livestock and feed production, as well as business education, textiles and design. These are just a few of the many courses available. For further information complete and mail this coupon. Address it to the College of your choice:

Pilsener**

Albertans know real pleasure. They also know real beer.

THE CARLING BREWERIES (ALBERTA) LIMITED

M.D. Council

Council of M.D. Sturgeon at the June meeting approved the sending of a wire to Mr. Pierre Juneau, chairman, Canadian Radio and Television Commission, expressing council's wish that Western Coded Television present their case for rural television service.

Lake stabilization proposal for the Lac Ste. Anne, Sturgeon River Dam project was submitted to council by professional engineers R. K. Deeprose and J. R. Card.

An invitation was extended to S. J. Sieben, supervisor of guidance for Sturgeon School Division, Mr. Palmer and Mr. Smith, director social planning and development branch, to attend next council meeting to discuss preventative social services programs.

Reeve Kluthe and Secretary Nobert indicated they would accept an invitation to attend the meeting on the North Saskatchewan River pollution survey June 18 in Edmonton.

Irrigation project proposal submitted to council by the department of highways for Lucille Oulmet property was approved.

Fete au Village

From Page 6

was Frank Laberge.

The \$25 gate prizes were given both days and the Saturday winner was Mrs. Morin from St. Albert and Sunday was Paul Prefontaine from Legal.

At the tearoom Mrs. Hunting and her ladies were busy serving light lunches while others preferred French cuisine prepared by Mrs. Paul Clouthier and her help.

Leon Brisson, Phil and Rolly Prefontaine and crew were busy serving bar-b-que steaks to the heartier appetites. Dan Boisvert, Bob Pampu and J. P. Roy supplied the lively supper music

that was enjoyed by all.

The ice cream booth managed by Mr. and Mrs. Emilien Coulombe and their helpers were busy dishing out ice cream for all the kiddies while the "Sweet aroma" of sizzling hamburgers and chips seemed to make everyone hungry because Mrs. Lucienne Pelletier and Mrs. Eva Theberge and crew were kept hopping both days.

The demolition derby drew a large crowd of spectators with Mr. Vranas winning the derby. Rachel Brennels won the powder puff derby while George Cust won for the best

Community picnic at Riviere Q.B.

Riviere Qui Barre held their second annual community picnic on July 19. St. Albert Little League baseball defeated Riviere Qui Barre 11-6 and Villeneuve girls softball team was defeated by Riviere Qui Barre.

The demonstration put on by the Busby Gymkhana Club was enjoyed by all.

In the horseshoe tournament the McGillis Trophy for

singles was won by Jim Cust of Calahoo. Placing second in that event was Art Lalonde of Morinville. Elmer Fawcett of Edmonton beat out Leo Falls of Riviere Qui Barre for the second event trophy. Mel Fisher of Riviere Qui Barre placing second.

A set of luggage was presented to Mrs. Marcella McGillis by Clarence McRae on behalf of the community in appreciation of her many years as teacher in Camilla School.

Brian Durling did a very capable job as master of ceremonies at the bandshell for local talent.

A Texas barbecue held in the curling rink was thoroughly enjoyed at supper time with a ball game held between pick up teams of local men rounding out the day.

sportsman.

To conclude the festivities some 900 people enjoyed the variety show held in the arena. Special thanks are extended to Labatt's Brewery for the use of their

public service unit, the "S.S. Centennial."

We were fortunate that the weatherman co-operated till the fireworks when he withdrew his co-operation but the display was still very

good.

The Fete au Village committee would like to express their gratitude to everyone who helped in anyway to make it such a success,

Alberta's Great Moments

Starring the famous players from your lovable Lethbridge label

House of Lethbridge Cornerstone Ceremony

We've brewed a lot of great beers since our pioneering days back at the turn of the century. Especially Lethbridge Pilsner. Nearly half a hundred years of real beer flavour as distinctive as that crazy cast of characters on the label. Frankly old-fashioned and proud of it. And you can taste the tradition in every glass.

So why settle for less than Alberta's original Pilsner? Call for Lethbridge Pils. And enjoy your own Great Moments.

Pilsner BEER

TRADITION YOU CAN TASTE • FROM THE HOUSE OF LETHBRIDGE

Who is an Alberta Junior Citizen of the Year?

They are boys and girls like these; courageous youths aged between 6 and 16 who were nominated for courage, leadership, initiative and good citizenship — and who were chosen to become Alberta Junior Citizens of 1969.

If you know someone in this age group whom you feel deserves recognition for an act performed between August 1st, 1969 and July 31st, 1970, nominate them — today.

AND HURRY — THIS IS YOUR LAST CHANCE TO NOMINATE!

Use this handy form, or write or phone your local weekly newspaper editor. Please send full details on a separate sheet of paper.

Town of St. Albert

NOTICE OF INTENTION

The Council of the Town of St. Albert, under the authority of Section 128 of the Municipal Government Act, Chapter 68, 1969, as amended, propose to sell Lot R1, Block 4, Plan 153 NY at 44 Balmoral Drive.

The purpose of the sale is for single family residential development.

This notice will be published for once each week for two consecutive weeks, the last of which will be on the 29th day of July, 1970.

Petition must be submitted to the Secretary-Treasurer within 15 days of the last publication of this notice and must be signed by at least five per cent of the proprietary electors.

Before advertising this property for sale, a public hearing will be held at 7:35 p.m. on the 24th day of August, 1970.

D. R. O'Connell
Secretary-Treasurer.

MORINVILLE

From the Mayor's Chair

Due to the decision by council to supply a newspaper to the ratepayers of the Town of Morinville, and as it is quite some time since I have had the opportunity for an informal conversation through the news media, I want to inform you, first hand, of the program that your council is endeavouring to bring you, the ratepayers of Morinville.

First let me comment on the street program. Due to the excessive rainfall, the program is not progressing as fast as both you and the council would like, but I am sure the majority of the ratepayers realize the reason for the delay, and it is hoped for better weather to speed up the program.

There has been some comment as to the grade level of the roadway as compared to the elevation of the driveways. I can assure you, that where there is extensive work required to align the driveway with the road, your council is prepared to undertake these changes. Where there is extensive damage to hard surface driveways, the town will also undertake to see that they are repaired to their original condition.

May I thank you for your patience and understanding, and for your tolerance to adverse road conditions at this time, due to the delay. My only comment is that, in a project such as this, in all cases things sometimes have to get worse before they can become better.

Some wild rumors are also circulating that the mill rate will go up in 1971 to pay for our street debentures. I can assure you that your council took these factors into consideration before striking the mill rate for 1970, and these rumors are unwarranted.

Frontier Daze for 1970 is now history. May I, on behalf of you, the ratepayers and residents of Morinville, and the town council, congratulate the directors of Frontier Daze and the many volunteer workers for a wonderful display of community co-operation without which a program of this magnitude would not be possible. Our floats are still travelling from community to community, thus cementing better public relations with our urban and rural neighbors.

Just a small but important piece of information for your general knowledge. Your overall assessment is increasing in an orderly manner, thus enabling improvements to keep up with developments; but due to changes in municipal allowable borrowings in any one year, it has now become necessary for any new development, by any developer, to be on a prepaid frontage basis. This is not unique with Morinville, as all towns and cities are finding themselves in the same position. Also your population has increased by 35 per cent since 1966. I am sure that you would wish me to say "Welcome to Morinville, new residents!"

Speculation is also running high as to the development of certain areas of the town. The remarks I hear are all the way from, and I quote, "\$30,000 homes," "low cost housing," and "trailers on deeded lots." As there has not been any presentation to council by the developer, I am at a loss to know where all this information springs from.

I am sure that you will concede with your council, who are acting on your behalf, that any development in any area of the Town of Morinville, must be made in an orderly manner, developed, so that we are proud of our town (and I underline) carrying its fair share of the taxation load.

His "bottle business" helps keep town clean

Waging his own private war against pollution in St. Albert is George Robert Hamilton of 45 Birch Drive.

A familiar figure to anyone who's lived in the town for any length of time, Mr. Hamilton is "out on the beat" in all kinds of weather, gathering empty soft drink and beer bottles which he finds in lanes, ditches, shopping areas and parks.

Many a local resident, hurrying home from a late-night party, has been surprised to see Mr. Hamilton out on his rounds as early as 4 o'clock on a summer morning.

"It's the best time to beat the heat," he says.

The walking began as a form of exercise prescribed by doctors following a series of strokes in 1965. It turned into a more useful and profitable occupation about three years ago when Mr. Hamilton decided, "I might as well be doing something as nothing on these walks."

"Besides, I was going crazy just walking. I started walking too fast and you should have seen the blisters on my feet. It got so bad that I used to walk on the highway to ease my feet and then I was in trouble with the police as motorists couldn't see me at night."

Once he began the bottle collecting, he says, he managed to slow down his pace--and he's been busy at his self-appointed job ever since. He carries two large pails with him on his rounds. He admits the pails get a little heavy when they're full of bottles and his left hand, weakened by the strokes, gives him some trouble.

"I used to weigh 230 pounds but now I'm down to 185," he says. "I was a

very strong man at one time and it's frustrating not to be able to use my left hand for much. It has a kind of ghostly feeling in it."

But all in all, he's not complaining.

Besides getting the exercise he needs, he's able to supplement his pension with the refund money from the bottles.

"And the police appreciate the work I'm doing, helping to keep the town clean," he adds.

He won't attempt a guess at how many bottles he's gathered over the past years or what his effort has netted him in cash, other than to say that "sometimes it's a paying proposition."

"If you're lucky, and you get out early, there are all kinds of bottles to be picked up." Sometimes a contribution of several cases of empty beer bottles following a party, ups the ante considerably.

Besides the bottles he picks up at random, Mr. Hamilton has certain calls in the business and residential areas that he makes regularly.

"I go anywhere I'm asked to call," he says. His rounds take him as far afield as the Klondike Inn and the Drive-In Theatre, although he admits that he doesn't make the trip to the drive-in as often as he once did.

"I get soaked now and then" he laughs, "but that just means I get clean without having to take a bath."

Mr. Hamilton was brought up in Medicine Hat and in his youth played with a dance band in Yorkton.

"I used to play all kinds of instruments but I can't anymore." Although he played the saxophone and clarinet in the band, he also played the violin, guitar and accor-

dian.

Mr. Hamilton married in 1927 in Yorkton and returned to Medicine Hat where he started farming in 1928. He later farmed at Tawatinaw until 1956 when he and his wife moved to St. Albert.

For a number of years before retirement, he worked as a janitor for a branch of the Bank of Montreal in Edmonton.

The Hamiltons have two daughters and a son and nine grandchildren. One daughter, Mrs. Helen Semmler, makes her home with her parents. One or more of her five children often accompany "grandpa" on his walks.

"I give them a little treat for helping me and they seem to enjoy it."

Last week it was seven-

GEORGE HAMILTON

year-old Julie who was the helper and she admitted to being "a bit tired" at trying to keep up with her active grandfather.

A man of strong religious faith, Mr. Hamilton recounts an incident which took place in 1928 when he began to suffer bouts of tiredness and dizzy spells. Doctors told him he would have to give up smoking as his heart and lungs were in poor shape.

"I'd been smoking since I was seven years old, and I'd plow through snowbanks to get to my cigarettes," he said, "but I prayed for help and from that day on, I've never had any desire to smoke."

In describing other incidents in his life which he considers miracles, Mr. Hamilton states: "I believe the dear old Bible from cover to cover and the King James version is my favorite."

In his daily travels, Mr. Hamilton passes out little vest-pocket books of scripture which he pays for himself.

"The Lord says to sow the word and that's what I do," he says. "I only give them out if people want them; I wouldn't want to force them on anyone."

Always ready with a smile for everyone he meets, Mr. Hamilton states that most people are friendly in return and most are happy to stop a moment and pass the time of day.

"I try to make myself acquainted with everyone I meet in a day."

Mr. Hamilton estimates that he spends at least eight

hours a day walking and gathering bottles.

Commenting on disposable no-return bottles, Mr. Hamilton says "They're a menace! I don't know why people like to smash them. With so many kids going in bare feet, it's just a shame."

As far as returnable bottles are concerned, St. Albert residents don't need to worry about them accumulating on streets and roadways -- as long as Mr. Hamilton is on the job!

Around Town

Presently visiting the home of Sergeant and Mrs. Walsh, 30 Gresham Blvd., is Mr. Russell Walsh of Toronto, Ontario.

** ** *

We welcome the following to St. Albert:

Mr. and Mrs. D. Schroeder and family; Mr. and Mrs. W. Nixon; and Mr. and Mrs. T. Sebal and family of the Braeside district.

Mr. and Mrs. G. Elchuk and family; Mr. and Mrs. M. Huston and family; Mr. and Mrs. B. Smith and family; Mr. and Mrs. D. Meyer; and Mr. and Mrs. J. Cena of the Grandin Park district.

Mr. and Mrs. P. Ell and family and Mr. and Mrs. J. Penner and family of Mission Park.

Card of Thanks

My family and I express our deep appreciation to the Kinettes of St. Albert who made it possible for my daughter Dawn to go to camp for two weeks this month. She is enjoying herself immensely and I am sure she says "Thank You" too.

Olive Boudreau and family.

Summer road program occupies M.D. Council

Municipal District of Sturgeon council meeting in June reviewed articles of agreement covering seven road projects under the government road grant and for secondary road 825 under the natural resources grant.

Under the first article 55-1/2 miles will be regressed and 12 miles added at a total cost of \$103,933. The provincial government grant is \$75,950 and the MD share is \$27,983. Seven projects to be completed are: six miles of regressed and oil to secondary road 635, estimated cost \$27,500. Seven miles regressed and oil on secondary road 642 at \$31,800; 6 1/2 miles regressed on secondary road 651 at \$10,000; 13 miles regressed local road from northeast corner of N.E. 18-58-23-1 south, cost \$13,000; 9 miles regressed local road from northeast corner N.E. 36-57-24-4 west, at \$7,200; 9 miles regressed local road from northeast corner N.E. 12-57-24-4 west at \$8,200; 6 miles regressed local road from northeast corner N.E. 36-56-26-4 at \$6,233.

Under the second article the provincial natural resources grant pays \$25,000 and the M.D. \$8,333 for a total of \$33,333. Secondary road 825 will be regressed and oiled from N.W. 9-56-22-4, 8 1/2 miles south to junction on highway 15.

Following public works committee report, council approved the construction of the roads in subdivision S.W. 16-54-23-4.

Public works committee met with Roland Gaumont who will supply 10,000 yards of gravel at \$2.75 per yard for secondary road 825. They recommended that council gravel and oil three miles of road on 127 Street. Council moved to rent compaction machine for one more month.

from Ferguson Supply. Rental is \$2,500 per month and purchase price is \$27,000. One hundred per cent of rental payments may be applied to purchase up to July 31, 1970.

Mr. Flynn and Mr. Stack had met with Mr. Reynolds about the possibility of purchasing land for road purposes in river lot 64 St. Albert and Section 25-54-25-4. Mr. Reynolds stated that it was of no benefit to him if said road were constructed through his property and if the M.D. were really in need of such right of way his price would be \$1,000 per acre (i.e., 1.37

acres providing that portion of road allowance on the north end of River Lot 64 be reverted back to same. Council approved five gravel contracts with Unity Construction, Alan Demers, Andy's Excavating and Hauling and Franklin Sand and Gravel.

Final reading of by-law covering the purchase of one new 1/2 ton Dodge truck and one new three ton Dodge truck with gravel box for road maintenance. Purchase price of the two trucks from Legal Motors totalled \$7,875 and gravel box with hydraulic pump and hoist \$1,373 from Resin Sales.

Morinville district loses two old-timers

LOUIS McDONALD

Death claimed two old-timers of the district recently when Louis McDonald of Morinville, 87, passed away after a long illness in Youville Senior Citizen's Home in St. Albert.

On July 10 Fred Kaup, 81, of Volmer, St. Albert and Vancouver passed away in the Good Samaritan Home in Edmonton after being in ill health for a year.

The late Mr. McDonald was born in Stony Plain, and educated in St. Albert. He married Miss Alice Lake also of St. Albert, and settled down in St. Albert. He served in the army in World War 1 and later served as town policeman in St. Albert. Later the family moved to a farm in the Riviere Qui Barre area. In 1924 the entire family of 10 sons and two daughters moved to Morinville. For several years afterwards Mr. McDonald served as rural mailman until 1932.

In 1961 both Mr. and Mrs. McDonald retired to Youville Home in St. Albert. Mrs. McDonald died in 1963. Mr. McDonald was also predeceased by one son Richard in 1945, and one daughter Ida in 1967.

Funeral services were held in St. John the Baptist Roman Catholic Church in Morinville with Rev. G. H. Primeau officiating and interment took place in the local church cemetery.

He is survived by nine sons and one daughter; Pat, Romeo, Louis, Arthur (Cyke) Lawrence and Gilbert (Moon) all of Edmonton; Ray of Morinville; Hector of Shaunavon, Sask., and Lucien of Golden, B.C., and Mrs. S. (Florence) Edwards of Broadview, Sask. He is survived by 29 grandchildren and 14 great-grandchildren.

FRED KAUP

Mr. Fred Kaup passed away on July 10 and funeral services were held in St. John the Baptist church in Morinville and interment followed in the local cemetery beside his late wife who predeceased him in 1953.

Mr. Kaup was born in Germany and came to Canada as a young man with another young man, the late Joseph Bokendorf of St. Albert, who later became his brother-in-law.

He began farming in the St. Albert and Volmer district, and married Miss Urbane D'Hoet of Belgium and St. Albert. Three children were born of this union; one son, John, still farming in the district, Mrs. Ben (Mary) Montpeller of Vancouver, and Mrs. Leonard (Tillie) Meyer also of Morinville.

Both Mr. and Mrs. Fred Kaup retired from the family farm in 1943 and retired to the west coast. Mrs. Kaup died in Morinville while on holidays at the home of her daughter, Mrs. Leonard Meyer in 1953. Mr. Kaup continued to live at the coast until June of 1969 when failing health caused him to enter the Good Samaritan Auxiliary Hospital in Edmonton where he passed away recently.

Morinville locals

The Morinville arena was seriously damaged last weekend when fire of unknown origin was discovered by Emile Pelletier who noticed smoke pouring out of the roof. According to an official on the scenageiaf estimate of the fire which gutted a large portion of the roof and main-beams is -- \$10,000. The town of Morinville carry \$90,000 insurance policy on the building.

Among those on the sick list or recovering from a hospital stay are: John Woyney and John Stevens taking treatment at the Dr. Cross Cancer clinic; Mrs. Emily Borle and Mrs. Yvette Tellier recovering from a stay in hospital, as well as Mrs. Ann Pelletier, Mrs. F. Fortier, mother of Mr. Ulyse Fortier is reported very ill.

Rev. Father Lucien Tellier, recently was on holidays at the home of his parents Mr. and Mrs. Robert Tellier. He is at present taking a social study course at the University of St. Louis in the United States where he will resume his studies this fall for another term. Mrs. Clara Hughes and family from Montreal also visited her parents Mr. and Mrs. Robert Tellier recently.

Mr. and Mrs. Arthur Lalonde and their daughter Sharon motored to the west coast for their holidays. They hosted a visit from Mr. and Mrs. Robert Morrison and family from Spearrock, Sask.

Mrs. Blanche Boissonault Ricard is now moved into her former home in Morinville with her family.

with her family.

Mr. and Mrs. Roland Houle and family are now residing in a house at the south end of town owned by Ray Houle

Mr. and Mrs. Don Morrisette and daughter from Fruit Vale, B.C. and Mrs. Noella Cluck and her three daughters from Calgary were guests at the home of their mother and sister Mrs. P. Morrisette and Miss Rachel Morrisette.

A large family party was held in Morinville at the home of Mrs. Joe Ferras on the occasion of her 75th birthday. A large number of children were present including Mrs. Rochelle Lenden of Minneapolis.

Mrs. Marguerite Roberts and family from Whitehorse are visiting at the home of her parents Mr. and Mrs. Arthur Soetaert.

Miss Connie Woyt and Miss Kathleen Brenes, Morinville 4-H Sewing Club winners left this week for a trip to Wisconsin.

Miss Cecile Baupre and Miss Louise Boissonault are on an exchange trip to La Belle Province De Quebec with the financial help of some local organizations

Mrs. Raymond Gibeault and her son Marcel from Washington visited relatives Pete Gibeault, Mr. and Mrs. Raymond McDonald and others in the district.

Miss Christine Peterson, bride-elect of Aug. 1, was feted at a bridal shower in the Morinville Legion Hall recently with 42 guests present. A very pleasant evening was hosted by Mrs. Rolande Rak, Mrs. Yvonne Turgeon and Mrs. Paulette Geard.

Phillippe Turgeon who is to become the groom was feted at a stag party at the weekend at the home of Lionel Theberge.

Mrs. Blanche Bussey and Mrs. Rose Marten entertained at a dinner party recently on the occasion of Tim Bussey's 21st birthday.

Mr. and Mrs. Paul Charest of Kelowna, B.C. are visiting relatives in the district.

Mr. and Mrs. Alphonse Nobert and family are on a three week holiday trip to the north.

Congratulations to Norman Meunier, manager of the new group of Morinville High Kickers, who made such a good appearance in the Edmonton Exhibition parade last week. Mrs. Claire Casavant, Mrs. Claire Pelletier, Mrs. Francis Meunier and Mrs. Sylvia Champagne. Miss 1970 Frontier Jazz Queen, Miss Elaine Himschook was also on display along with Frontier Jazs, Mrs. Muriel Krauskopf. Others included Octave Himschook, Rev. G. H. Primeau, Mayor Art Stapleton, and the man of the year for Morinville, Pete Gibeault. Others included the Morinville CWL prize winning float and a local ukrainian group.

Schultz - Baden wedding

On July 4, St. Albert Evangelical Lutheran Church was the scene of a lovely summer wedding performed by Pastor R. Olson when Miss Ingrid R. M. Baden, daughter of Mr. and Mrs. Hans G. Baden of St. Albert and Fernie Irvin Schultz Jr., eldest son of Mr. and Mrs. F. I. Schultz of Nipawin, Saskatchewan, were united in marriage in a double-ring ceremony before an altar banked with flowers.

Soloist was Miss Diana Conway, daughter of Mr. and Mrs. R. Conway of St. Albert. Organist was Mrs. R. Olson.

Given in marriage by her father, the attractive bride chose a princess-styled wedding gown of white peau de sole and chantilly lace, featuring an empire waist jacket and long train. Her shoulder length veil was a misty cloud of sheer net and pearls. She carried a cascade bouquet of white orchids and red roses.

Her four attendants, Miss Donna Jewett, Miss Mieke op der Heyde, Mrs. Linda Baden (sister-in-law of the bride) and Mrs. Sandra Mitchell (sister of the groom) wore sleeveless floorlength gowns of turquoise with overlay bodices of turquoise lace and matching trains. Elbow length white gloves and slippers and bouquets of yellow roses and white carnations completed their ensembles.

Flower girl was petite Shannon Willis, daughter of Mr. and Mrs. G. Willis of St. Albert, who wore a gown identical to the bridesmaid and carried a basket of yellow roses and lily of the valley. She was accompanied by ringbearer, Master Frans op der Heyde, son of Mr. and Mrs. A. op der Heyde also of St. Albert.

The groom was attended by Jerry Pechush, best man,

and Gary Walker of Edmonton. Ushers were Gary Baden (brother of the bride) and John Kozum also of Edmonton.

For her daughter's wedding the mother of the bride chose a blue ensemble of princess styled coat and dress complimented by a corsage of yellow roses and white accessories. The groom's mother wore a yellow ensemble of jacket and dress complimented by a corsage of peach roses and white accessories.

A reception and dance was held in the Centennial Room of the Bonaventure Motor Hotel for some 150 guests. Lorne McKinnstry was the master of ceremonies with Ken Stewart proposing the toast to the bride.

Mrs. Janet Elchenberger, grandmother of the groom is to be commended for making all the flowers and corsages for the wedding party and Mrs. Gardner for making the lovely ring pillow.

Mr. and Mrs. F. I. Schultz Jr. will make their home in St. Albert. Among the out-of-town guests were relatives of the bride: Mr. and Mrs. Henry von Hacht and daughter Leni from Edson, Mr. and Mrs. Horst von Hacht from Vancouver, Mr. and Mrs. Bill Neumann and sons Ernie and Bill of Edson.

Relatives of the groom from out-of-town included sisters Wendy and Patty, and brother Eddie and brother-in-law of the groom David Mitchell, all of Saskatchewan.

Other out-of-town guests included Len Schultz, uncle of the groom from Calgary; Miss Gwen Lees of Saskatoon; Mr. and Mrs. Arthur Russell, Terry Mochoruk, Miss Donna Stohs and Miss Corry Reuther all of Nipawin, Sask.

Vimy news

By Jeanne Laplante

Mr. Uilberic Labbe from Vancouver spent two weeks visiting the Lachance families.

Mr. and Mrs. Leonard Blanchette spent a few days in Slave Lake visiting their daughter Marie.

Two men were apprehended last week as they broke windows and tried breaking into Huot's Store and Mike's Garage. Local RCMP were on the scene in minutes which facilitated the arrests.

Erwin Bernard is now home after a 45 day stay at the Immaculata.

Mr. and Mrs. Wilfrid Provencal are spending a two-week holiday in the south.

The Vimy Club came out victorious in the two-day ball tournament held in Vimy last weekend.

Mr. and Mrs. Leo Provencal took in the Calgary Stampede during their holidays.

Mr. Rene Joly and daughter Val Marie are on a six-week tour of Montreal and Quebec.

Some 60 pupils from the area have completed a two-week course in watersafety. Many thanks to the Clyde Lions Club and management of the Westlock Swimming Pool for having made this possible and for doing such a good job.

Visiting the Sabourin families were Mr. and Mrs. Carl Haynes and son Bob, Mr. and Mrs. Ernest Cheneier and grandson Ernie from California.

Mr. and Mrs. Al Shelton from Halifax visited with Mike and Evelyn Hein.

Mr. and Mrs. Claude Huot are enjoying a holiday at Kelowna.

Presently visiting at the home of Mr. and Mrs. Roger Laplante is Jocelyn Dugas from Joliette, P.Q.

FARM SAFETY WEEK
JULY 25-31

PREVENT ACCIDENTS

M.D. Making Study of Waterline Services

N. Lawrence and E. Lucka of Associated Engineers attended the June meeting in relation to the agreement prepared by Edmonton Water on matters of supply and also the construction of a water line by the city from 143 St. to 156 St. on 128 Ave. Council authorized signing of the agreements as amended by the engineers on behalf of the municipality.

Mr. Lawrence recommended a municipal charge of \$160 per thousand gallons with a minimum charge of at least \$50 per month to customers. Cost of the water line is \$31,600.

With regard to water supply from the city to the Metropolitan Theatre north of 137 Ave. and east of 142 St. Associated Engineers recommended that possibly a 10 inch line from the existing line on 142 St. would be

the most logical route to take and would provide sufficient water to the Theatre and Perma Tube Subdivision for fire protection and consumption.

Presently Metropolitan Theatre are prepared to install a six inch line from 137 Ave. on to their property to the theatre office.

After a full discussion on the two possibilities, one of having a 10" line from 142 St. where the existing 12" line going to St. Albert is located and have a 10" extension to the theatre and perma tube subdivision and the second, would be to leave the theatre people go ahead with their proposed six inch line from 137 Ave. direct from the city.

The council agreed to delay any decision on the above until a meeting was held with St. Albert within a week. It was decided that the public works committee make a study of waterline services within our municipality, for administration, maintenance and submit the report at the next council meeting.

ANNEXATION

Council heard a letter from the local authorities board on the proposed annexation to Edmonton of a parcel of land which is part of S 1/2 25-53-25-4. The board informed council that they had received an application from the solicitor for the property owners in question. Hearing will be held Sept. 21. Alan Brownlee will act as council's solicitor.

Each councillor also received a copy of the written submission filed with the local authorities board by Mr. Brownlee on behalf of the M.D. on the BACM annexation hearing. It was decided that council would meet with County Strathcona, Mr. Brownlee and Danny Makale in June, regarding Edmonton's proposal of annexing land from both municipalities.

Secretary read a letter from James Forster of Apex

Gravel Ltd. on the proposed sewage disposal ground on Section 34-53-25-4. The letter requested council's approval in principle of the project.

The letter stated that the city were waiting for the council of the Municipal District of Sturgeon to give its approval in principle and also that Mr. Hodge, director of environmental health services indicated that the area would be suitable for nuisance grounds if the company would comply with the regulations and certain restrictions that his department would impose. His department was not prepared to put anything in writing since they hadn't received any request from the municipality or from the city for such a sewage disposal field.

Moved that Apex Gravel Limited be informed that this council is not prepared to approve in principle sewage disposal grounds for reason that the health department was not prepared to approve the site. When council receives a letter from Mr. Hodge stating the suitability of the site then the council would reconsider the proposal.

Bon Accord

Anyone knowing the whereabouts of baseball uniforms belonging to the Bon Accord Community Centre, please see that these are returned to Mrs. Ruth Cline, Bon Accord. There are a number of these missing and we would greatly appreciate having them returned.

Also there is a great shortage of dishes, bowls, tea towels etc. from the hall. Anyone in the area having anything belonging to the hall is asked to please return same to Mrs. Cline, Bon Accord.

The recent walkathon held here to raise money for sports equipment was very successful but as yet all the money has not been turned in. Anyone having money raised by this event is asked to please turn it over as soon as possible to Mrs. Ruth Cline, secretary, Bon Accord Community Centre.

ALEXANDER RESERVE:

The entire population of the Alexander Reserve and many friends gathered at the little church in the valley, St. Alexander, on Monday evening to pay their last tribute to a beloved pastor, a wise counsellor and a friend to young and old alike. Rev. Father Edmond Pratt, OMI, who had devoted his entire time since 1942 to the Alexander Reserve.

The evening mass was celebrated by Rev. J. M. Latour, OMI, provincial superior and several other priests of the order. The mass was in creole, with singing in the native tongue by members of the congregation led by Chief Alex Augbelle, Mrs. Mary Kootenay and members of the Indian Council of Alexander.

Tuesday morning in St. Albert, Rt. Rev. Anthony Jordan OMI, Archbishop of Edmonton, officiated at a consecrated requiem mass in the local cathedral with a number of other members of the Immaculate Mary Order of Oblate fathers. Interment followed in the local plot of the congregation in the St. Albert Roman Catholic Cemetery.

Born in Montreal he was the son of the late Joseph Walter Pratt and Louise Martel, one of 17 children. He attended senior mathematics classes in Ottawa after finishing primary

Bon Accord Council

At Bon Accord council meeting held July 15, interviews were held with ratepayers with problems.

Jim George has been appointed maintenance man for the village with his services to be shared on an hourly basis with Community Centre Board.

A tractor has been purchased for village use and a mower needed.

Said the patient mournfully: "I can't pay you, doc. I showed down like you told me and lost my job."

Fr. Edmond Pratt, OMI, dies at 79

schooling in his native parish. As a young student of 17 years he came to College St. Jean in Edmonton and continued his studies in Ottawa and Edmonton.

He entered Immaculate Mary Oblate order seminary at Villa LaSalle, Montreal in 1912. In 1913 he made his first vows as a senior seminarian, first step to the priesthood. He was ordained priest at the hands of the late Bishop Legat of St. Albert in St. Joseph's Church in Edmonton, 1916.

He served as a missionary at Fort Resolution in 1919. From 1920 to 1922 he was taught at College St.

Jean in Edmonton. From 1922 until his death he served as a missionary at various places including North Battleford, Saddle Lake Mission in 1925; LeGoff Mission in 1931 and Cold Lake. He was transferred to Onion Lake in 1924. He served at Hobbema from 1938 until the spring of 1942 when he returned to Fort Battleford until October of that year when he came to Alexander and served here until three days before his death on July 24.

He is survived by one sister Mrs. Stella Granier of Montreal and many nephews and nieces.

AUCTION SALE

HAVING RECEIVED INSTRUCTIONS FROM
MR. ERNEST HOULE

Who is retiring, the undersigned Auctioneer will sell by public auction, 2 blocks south of the Alberta Pacific Grain Elevator in the town of:

MORINVILLE, ALBERTA

SAT., AUGUST 8

Sale Time 12 p.m.

Lunch Available.

FARM MACHINERY:

Cockshutt 570 Diesel Tractor (very good condition)

Cockshutt Hydraulic Cylinder

Members of the Athabasca University Governing Authority are pictured following their first meeting at Government House, July 2. They are (left to right), Rev. Edward Cheekland, Edmonton clergyman; Richard Fowler, former mayor of St. Albert; Dr. T. C. Byrne, deputy minister of education; Board Chairman The Hon. Carlton W. Clement, Justice of the Supreme Court of

Alberta; Dr. Gordon S. Geldart, Edmonton dentist; Mrs. Marilyn Pilkington Shaw, former president of the University of Alberta Students' Union and Ronald Clarke, Edmonton architect. Missing from the picture is Dr. A. Marino Kristjanson, academic planning officer for the Universities Commission.

New owner for Coffee Corner

a new owner. Mrs. Agnes Duggan has taken over the coffee shop from former owners, Shirley and Rock Holman. The change-over took place July 2.

A newcomer to St. Albert, Mrs. Duggan has recently come to Alberta from British Columbia where she ran a hotel dining room at Telkwa, a town situated north of Smithers, B.C.

Mrs. Duggan's son and daughter-in-law, Mr. and Mrs. Ron Green, were recently transferred to Edmonton from California and it was on a visit to them that she learned that Coffee Corner was for sale.

By settling in St. Albert (at #3 Sable Crescent) Mrs.

Duggan is also able to spend time with her grandchildren, Norman, 8, and Stephen, 11.

After the long hours of work required to keep a hotel dining room operating, the compact size and friendly atmosphere of the coffee shop seemed to be "just what I was looking for," said Mrs. Duggan.

Coffee Corner hours remain the same -- 8:30 to 6:30, Monday through Satur-

day. The shop is closed on Sunday.

Mrs. Duggan says that she may consider extending the hours if she sees there is a need for it.

Hippie to his friend: "I made myself over—you know—like real sharp. Was doing my own thing. Then my dad made me cut it all off for Father's Day."

RECREATION Hi-Lites

The regular Saturday schedule will be in operation on Monday, Aug. 3, the annual civic holiday.

The first session of swimming lessons in August will start on Tuesday, Aug. 4 and run through till Friday, Aug. 14, on which the examinations will be held. Lessons will be held on Saturday, Aug. 8 and public swimming from 9 a.m. - 12 noon will be cancelled on that day.

There will be a slight change in the published schedule from Aug. 5. Public swimming on Monday, Wednesday and Friday evenings will be from 7 - 8:30 p.m.

From 6 - 7 p.m. each Monday, Wednesday and Friday from Aug. 5 - 26 there will be adult lessons at all levels and RLSS classes - bronze medallion, bars to the bronze and award of

merit. Anyone wishing to register for any of these classes should do so at the pool before Aug. 4.

The St. Albert Swim Club went two separate ways on Saturday. Beginners in competitive swimming went to the Derrick Club where they acquitted themselves very well and brought ribbons home with them. Members of the regular swim club went to Drayton Valley where they narrowly missed being in first place. They scored 418 points to Drayton Valley's 428. Next weekend they will be participating in a meet at Fort Saskatchewan.

TENNIS:

The Tennis Club will be holding a novelty doubles tournament on Wednesday, Aug. 5 when players of varying degrees of ability will be teamed together. A social

gathering will be held afterwards and all adult members of the club are invited to enter the tournament which starts at 6:30 p.m.

St. Albert will be hosts to Fort Saskatchewan on Wednesday, July 29 in the inter-club tournament.

The tennis courts on Mission Avenue are open to all residents every day from 7:30 a.m. till nightfall apart from the times when the tennis club has the use of them: Mondays and Wednesdays, 6 - 9 p.m. and on Sundays from 1:30 - 4:30 p.m. There will be no more instructional classes held this season but newcomers to St. Albert who are interested in playing and would like to join the club may do so at a nominal fee. Phone Mrs. Judy Wood (599-8696) for further information.

Saints out of Provincial Playoffs

St. Albert Willowbrook Saints bowed out of the senior provincial playoffs in two straight games as they fell 10-3 to the powerful Two Hills Eagles.

Marshall Dehid picked up his second win of the best of three series and his team mates showed very little mercy on losing pitcher Hank Reinbold as they jumped on St. Albert for two runs in the first inning and added five more in the second.

St. Albert scored single runs in each of the last three innings. Rick Pugliese and Larry Mitchell had two hits each for the Saints and Bud Pyluk socked a home run in the losing game. Eagles also won an exhibition game which followed the playoff fixture by a 10-9

score as they came up with two runs in the final inning. Saints out-hit the Eagles 13-7 with Chester Cunningham, Wayne Biggs, Hank Reinbold and Larry Mitchell having two hits each. Richie

Perrault struck out five Eagles in taking the loss.

The Saints journey to Fawcett this Saturday and will play the 10 a.m. game in the annual Fawcett tournament.
